Dear Ms. Faraca:

From January 30 to January 31, 2024, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code (U.S.C.), inspected ANR Pipeline Co.'s (ANR) construction procedures in Delhi, Louisiana, as part of the construction inspection at ANR's Delhi Compressor Station. As a result of the inspection, ANR was issued a Notice of Amendment on July 5, 2024, which proposed amendment of your procedures.

ANR submitted its amended procedures on August 1, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
