RE: CPF-1-2026-028-NOA

Dear Mr. Rifenburgh:

From March 1 to June 17, 2024, an inspector from the Virginia State Corporation Commission, Division of Pipeline Safety (VA SCC), acting as an agent for the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected the City of Richmond's (City) plans and procedures in Richmond, Virginia..

The City submitted its amended procedures on April 24, 2026 and provided necessary information regarding these procedures on May 29 and June 23, 2026. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region

Pipeline and Hazardous Materials Safety Administration
