Mr. Robert Rose  
President  
Tampa Pipeline Corporation  
P.O. Box 35236  
Sarasota, FL 34242

**CPF 2-2010-6001M**

Dear Mr. Rose:

On April 20-23, 2009, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), Southern Region, pursuant to Chapter 601 of 49 United States Code, conducted an inspection of The Pipelines of Puerto Rico Company's Integrity Management Program (IMP) for the jet fuel pipeline system located in San Juan, Puerto Rico. As a result of the pipeline inspection, PHMSA issued a Notice of Amendment (NOA) on March 11, 2010.

This letter is to inform you that The Pipelines of Puerto Rico has complied with the terms of the NOA. No further action is necessary with regards to the NOA and this case is now closed.

Please be advised that this letter refers only to the NOA (re: CPF 2-2010-6001M) and not to any other PHMSA pending cases. Also be advised that nothing herein states or implies that the above described IMP meets the requirements of the federal pipeline safety regulations or that the IMP is approved. The Pipeline system and IMP remain subject to inspection by PHMSA.

Sincerely,

Wayne T. Lemoi  
Director, Office of Pipeline Safety  
PHMSA Southern Region
