CERTIFIED MAIL - RETURN RECEIPT REQUESTED

September 24, 2012

Mr. Carlos Reyes
Co-President & General Manager Operations
EcoElectrica L.P.
Street 337, KM 3.7 Bo Tallaboa Poniente
Penuelas, PR 00624

CPF 2-2012-3002M

Dear Mr. Reyes:

From April 23-27, 2012, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Southern Region, Office of Pipeline Safety inspected the EcoElectrica, L.P. (EcoElectrica) liquefied natural gas (LNG) written operations and maintenance (O&M) procedures in Penuelas, Puerto Rico, pursuant to Chapter 601 of 49 United States Code. As a result of the inspection, PHMSA issued a Notice of Amendment (NOA) on May 30, 2012.

The PHMSA Southern Region received and reviewed your written response to the NOA dated June 21, 2012. We also received and reviewed your letter (with attachments) dated August 21, 2012, in which you responded to our comments in a letter to you dated July 17, 2012. We find EcoElectrica's responses and amended procedures adequate. This letter is to inform you that EcoElectrica has complied with the terms of the NOA and that no further action is necessary with regards to the NOA. This case is now closed.

Please be advised that this letter refers only to the NOA (CPF 2-2012-3002M) and not to any other PHMSA pending cases. Also be advised that nothing herein states or implies that EcoElectrica's LNG O&M procedures meet the requirements of the federal pipeline safety regulations or that such procedures are approved. The LNG facilities and procedures remain subject to inspection by PHMSA.

Sincerely,

Wayne T. Lemoine
Director, Office of Pipeline Safety
PHMSA Southern Region
