CERTIFIED MAIL - RETURN RECEIPT REQUESTED

October 7, 2014

Mr. Paul Fant
President and Chief Operating Officer
Carolina Gas Transmission
220 Operations Way
Cayce, SC 29033

CPF 2-2014-1004M

Dear Mr. Fant:

On July 30-31, 2014, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Southern Region, Office of Pipeline Safety (OPS) inspected the Carolina Gas Transmission (CGT) Pipeline Public Awareness Program and Operator Qualification Plan at CGT's office in Cayce, South Carolina, pursuant to Chapter 601 of 49 United States Code. As a result of the inspection, the OPS Southern Region issued a Notice of Amendment (NOA) to CGT on September 11, 2014.

Subsequent to the NOA, CGT amended its Public Awareness Program and Operator Qualification Plan and provided the OPS Southern Region with documentation of those amendments in a letter dated October 1, 2014. Based on our review of the actions taken by CGT to amend its procedures and the supporting documentation, we have determined that CGT has complied with the terms of the NOA and that no further action is necessary with regards to the NOA. This case is now closed.

Please be advised that this letter refers only to the above referenced order (**CPF 2-2014-1004M**) and not to any other PHMSA cases, if any.

Sincerely,

Wayne T. Lemoi
Director, Office of Pipeline Safety
PHMSA Southern Region
