Dear Mr. Grubb:

From April 27, 2020 through May 1, 2020, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) inspected Tennessee Gas Pipeline Company's (TGP) Control Room Management Program and records in Houston, Texas, pursuant to Chapter 601 of 49 United States Code. TGP is a subsidiary of Kinder Morgan (KM). As a result of the inspection, TGP was issued a Notice of Amendment (NOA) on May 26, 2021, which proposed amendments of TGP's procedures.

TGP submitted its amended procedures on June 23, 2021. PHMSA has reviewed the amended procedures, and it appears that the inadequacies outlined in the NOA have been corrected.

Please be advised that this letter refers only to the referenced NOA (**CPF 2-2021-001-NOA**) and not to any other PHMSA cases, if any.

Sincerely,

James A. Urisko
Director, Office of Pipeline Safety
