RE: CPF 2-2021-005-NOPSO

Dear Ms. Little:

On March 29, 2021, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Colonial Pipeline Company (Colonial), a Notice of Proposed Safety Order. On June 4, 2021, PHMSA and Colonial entered into a Consent Agreement and Order. This Order included a requirement for Colonial to implement system-wide corrective actions, with regular submittals for review and approval. Based on PHMSA's review of the documentation provided it has been determined that Colonial has complied with the terms of the Order.

Accordingly, this case is now closed, and no further action is anticipated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

James A. Urisko
Regional Director, Southern Region, Office of Pipeline Safety
