Re: CPF 3-2013-5030M

Dear Mr. Schwiering:

On October 2 – 4, 2012, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code inspected Rose Rock Midstream, LP's (formerly SemGroup, LP), procedures for Public Awareness Program Effectiveness in Tulsa, Oklahoma. As a result of the inspection, Rose Rock Midstream, LP was issued a Notice of Amendment on September 16, 2013, which proposed amendment of your procedures.

Rose Rock Midstream, LP, submitted its proposed revisions and its amended procedures on October 21, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed.
Thank you for your cooperation.

Sincerely,

ACB Allan C. Beshore
Director, Central Region, OPS
