Dear Ms. Timmenmeyer:

On June 22-30, 2015, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected MidContinent Fractionation and Storage, LLC's (MidCon) procedures for Control Room Management in Conway, Kansas. As a result of the inspection, MidCon was issued a Notice of Amendment on March 16, 2016, which proposed amendment of the procedures.

MidCon submitted its amended procedures on April 1, 2016 and submitted additional amendments on June 21, 2016. My staff reviewed the amended procedures and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Allan C. Beshore  
Director, Central Region, OPS  
Pipeline and Hazardous Materials Safety Administration
