Dear Mr. Krueger:

On September 19-23 and October 18, 2016, a representative of the Michigan Public Service Commission (MIPSC), acting as an interstate agent for the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of procedures at the Bluewater Columbus Compressor Station in Columbus, Michigan. As a result of the inspection the operator, PAA Natural Gas Storage, LLC, was issued a Notice of Amendment on April 5, 2017, which proposed amendment of the procedures.

PAA Natural Gas Storage, LLC submitted its amended procedures on May 8, 2017. On June 30, 2017, PAA Natural Gas Storage, LLC sold this asset to Bluewater Gas Storage LLC. Therefore, Bluewater Gas Storage, LLC submitted an amended response on February 21, 2018. My staff reviewed the amended response, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected. Regarding integrity management procedures, the MIPSC will follow up sometime after April 1, 2018.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
