Dear Mr. Hill:

On July 29 – August 2, August 5 – 9, 12 – 16 and 19 – 23, 2019, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Hess Corporation's (Hess) procedures in Minot, North Dakota. As a result of the inspection, Hess was issued a Notice of Amendment on March 2, 2020, which proposed amendment of your procedures.

Hess submitted its amended procedures on April 1, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
