Re: CPF 3-2020-5015M

Dear Mr. Smorch:

On July 29 through August 2 and August 12 through 16, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of CountryMark Refining and Logistics, LLC (CountryMark) procedures in Mount Vernon, Indiana. As a result of the inspection, CountryMark Refining and Logistics, LLC (CountryMark) was issued a Notice of Amendment on October 2, 2020, which proposed amendment of your procedures.

CountryMark Refining and Logistics, LLC (CountryMark) submitted its amended procedures on November, 24, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
