RE: CPF 3-2021-044-NOA

Dear Mr. Sheehy:

From August 2, 2020, to October 25, 2020, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Tallgrass Pony Express Pipeline, LLC's (Tallgrass) procedures for operations and maintenance in Lakewood, Colorado. As a result of the inspection, Tallgrass was issued a Notice of Amendment on October 18, 2021, which proposed amendment of your procedures.

Tallgrass submitted its amended procedures on September 27, 2022. My staff has reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
