RE: CPF 3-2021-059-NOPV

Dear Mr. Norman & Mr. Reynolds:

On August 30, 2022, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Dakota Midstream, LLC (DM) a Final Order in the above-referenced case. On September 19, 2022, DM filed its Petition for Reconsideration and on December 5, 2022, a Decision denying DM's Petition for Reconsideration was entered in the case. The Final Order included a Compliance Order and Civil Penalty assessment. Based on our review of the documentation provided by DM and confirmation of payment of the civil penalty, it has been determined that Dakota Midstream has complied with the terms of the Final Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Gregory A. Ochs
Director, Central Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
