Ms. Crystal Heter
Chief Operating Officer
Tallgrass Energy, LP
370 Van Gordon Street
Lakewood, CO 80228

**CPF 3-2022-060-NOPV
Closure Letter**

Dear Ms. Heter:

On July 14, 2023, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued a Consent Order incorporating the terms of the Consent Agreement between PHMSA and Tallgrass Energy Partners, LP (Tallgrass or Respondent) in the above-referenced case. On September 15, 2025, PHMSA and Respondent (the Parties) modified the Consent Agreement by mutual agreement of the Parties. This modified Consent Agreement included a Compliance Order requirement for Tallgrass to comply with a Compliance Plan, unless or until the Special Permit is approved by PHMSA, or PHMSA otherwise finds that the alternative spacing provides an equivalent level of safety in accordance with 49 CFR 192.179(a).

Per the terms of the modified Consent Agreement, the modified Consent Agreement would terminate once the Compliance Order in Section V are satisfied. On December 5, 2025, PHMSA issued a Decision finding that the alternative spacing provides an equivalent level of safety in accordance with 49 CFR 192.179(a). In addition, as of December 21, 2025, Respondent has complied with the obligations set forth in the Compliance Plan, thereby satisfying the Compliance Order in Section V. Accordingly, the modified Consent Agreement is terminated, and this case is now closed.

Thank you for your cooperation in this matter.

Sincerely,

Dustin Hubbard
Director, Western Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
