RE: CPF No. 3-2022-064-NOA

Dear Mr. Horton:

From April 6, 2021, through November 8, 2021, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of the Gulf South Pipeline Co., LLC's, a subsidiary of Boardwalk Pipelines, LP (Gulf South), procedures in Louisiana, Mississippi, Alabama, Oklahoma, Florida and Texas. As a result of the inspection, Gulf South was issued a Notice of Amendment on November 17, 2022, which proposed amendment of your procedures.

Gulf South submitted its amended procedures on January 16, 2023. My staff reviewed the amended procedures, and discussed the implementation of the procedures with your integrity management team on July 20, 2023, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
