Mr. Scott Carter, President/CEO
President/CEO
Spire Missouri Inc. East
700 Market Street
St. Louis, Missouri 63101

RE: CPF No. 3-2022-068-NOA

Dear Mr. Carter:

From March 15, 2022 through March 17, 2022, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, performed a specialized inspection of Spire Missouri, Inc. East's (Spire) Highly Volatile Liquid (HVL) pipeline system located in St. Louis, Missouri. As a result of the inspection, Spire was issued a Notice of Amendment on December 14, 2022, which proposed amendment of your procedures.

Spire submitted its amended procedures on January 13, 2023. My staff has reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central
Pipeline and Hazardous Materials Safety Administration

cc: Bob Gardner, Director Compliance and Pipeline Integrity (Bob.Gardner@spireenergy.com);
Craig Hoeferlin, VP, Operations Services and SMS, (craig.hoeferlin@spireenergy.com)
