RE: CPF 3-2022-013-NOA

Dear Mr. Horton:

From September 19 through September 23, 2022, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Boardwalk Petrochemical Pipeline, LLC (Boardwalk) procedures in Sulphur, Louisiana. As a result of the inspection, Boardwalk was issued a Notice of Amendment on July 2023, which proposed amendment of your procedures.

Boardwalk submitted its amended procedures on August 17, 2023. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
