Mr. Mark Hewett
President/CEO
Northern Natural Gas Company
1111 S. 103rd Street
Omaha, NE 68124

RE: CPF No. 3-2024-010-NOA

Dear Mr. Hewett:

From April 10 through May 4, 2023, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), along with representatives from the Michigan Public Service Commission, Minnesota Office of Pipeline Safety, and the Iowa Utility Board acting as Interstate Agents pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Northern Natural Gas Company's (NNG) procedures for the new gas integrity rule in Omaha, Nebraska. As a result of the inspection, Northern Natural Gas Company was issued a Notice of Amendment on February 6, 2024, which proposed amendment of its procedures. Northern Natural Gas Company submitted its amended procedures on May 2, 2024, which my staff has reviewed and it appears that the inadequacies outlined in the Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
