RE: CPF 3-2024-073-NOA

Dear Mr. Matt Sheehy:

From August 7, 2023, to September 1, 2023, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected the procedures for operation and maintenance, corrosion control, and integrity management for Tallgrass Pony Express Pipeline, LLC, Tallgrass Powder River Gateway, LLC, and Tallgrass Midstream, LLC (Tallgrass) in Denver, Colorado. As a result of the inspection, Tallgrass was issued a Notice of Amendment on October 22, 2024, which proposed amendment to Tallgrass' procedures.

Tallgrass submitted its amended procedures on November 8, 2024. My staff has reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
