RE: CPF 3-2025-013 NOA

Dear Mr. St. Amour:

From March 18 to March 22 and April 8 to April 11, 2024, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), conducted an onsite inspection of the plans and procedures for integrity management and operations and maintenance of Marathon Pipe Line, LLC ("Marathon") in Findlay, Ohio. On May 20, 2025, PHMSA issued a Notice of Amendment (Notice) letter for the case number referenced above. The Notice cited Marathon for inadequacies found within its plans or procedures.

Marathon submitted its amended procedures on August 1, 2025. PHMSA reviewed the amended procedures, and it appears that the inadequacies outlined in Items 1, 2, 3 and 5 of the Notice have been corrected. This letter is to inform you that PHMSA hereby withdraws Item 4 of the Notice. The other Items are now closed.

Sincerely,

David Barrett
Acting Director, Central Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
