CPF 4-2012-5025M

Dear Mr. Bodenhamer:

On June 13, 2012, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code reviewed Enterprise's procedures as part of a review associated with compliance requirements for Safety Order CPF-4-2001-5015S. As a result of the review, Enterprise was issued a Notice of Amendment on June 27, 2012.

Enterprise submitted its final amended procedure on December 3, 2012. My staff reviewed the amended procedure, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest region
Pipeline and Hazardous Materials Safety Administration
