Dear Mr. Charles Fox:

On multiple occasions between October 6, 2014 and February 18, 2015, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of the Kinder Morgan - Wink Pipeline, LLC (Wink) procedures in Wink, TX. As a result of the inspection, Wink was issued a Notice of Amendment on August 3, 2016, which proposed amendment of your procedures.

Wink submitted its amended procedures on October 18, 2016. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, SW Region
Pipeline and Hazardous Materials Safety Administration
