Re: CPF No. 4-2016-5031M

Dear Mr. Schmidt:

On September 27, 2016, a Notice of Amendment was issued in the above-referenced case proposing amendment of your procedures for making required telephonic notification of certain incidents.

Citgo responded by submitting a revised procedure on October 25, 2016. A PHMSA review of the Citgo response determined that the revised procedure is acceptable. This letter is to inform you that no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
