Dear Mr. Shain:

On February 6, 2017, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected Frontier Energy Services, LLC's procedures for notification of accidents to PHMSA and the National Response Center. As a result of the inspection, Frontier Energy Services, LLC was issued a Notice of Amendment on May 3, 2017, which proposed amendment of your procedures.

Frontier Energy Services, LLC submitted notification D-20170222-14510 to PHMSA on February 22, 2017. This notification informed PHMSA of Frontier Energy Services, LLC's divestiture from all PHMSA-regulated pipeline assets and requested deactivation of their Operator Identification Number. As a result, PHMSA has determined that the proposed amendments are no longer relevant.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
