Dear Mr. Gore:

From May 7, 2018 to August 24, 2018, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Plains Marketing, L.P. (Plains) procedures in Houston, Texas. As a result of the inspection, Plains was issued a Notice of Amendment on December 20, 2018, which proposed amendment of your procedures.

Plains submitted its amended procedures on February 26, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary D. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
