Dear Mr. Eiland:

From April 1, 2019 to May 24, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Fieldwood Energy's procedures in Lafayette, Louisiana. As a result of the inspection, Fieldwood Energy was issued a Notice of Amendment on September 30, 2019, which proposed amendment of your procedures.

Fieldwood Energy submitted its amended procedures on November 4, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
