Dear Mr. Fraser:

From April 12, 2021 through April 15, 2021, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Golden Pass LNG Terminal LLC's (GPLNG) plans and procedures. As a result of the inspection, GPLNG was issued a Notice of Amendment on August 11, 2021, which proposed amendments to GPLNG's procedures.

GPLNG submitted its final amended procedures on September 9, 2021. PHMSA staff reviewed the amended procedures, and it appears that the inadequacies outlined in the Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
