Dear Mr. Chao:

From August 2, 2021, to November 3, 2021, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an onsite pipeline safety inspection of Eagle US 2 LLC (Eagle), a subsidiary of Westlake Chemical Corporation, hazardous liquid pipeline system in between Lake Charles, Louisiana and Orange, Texas. As a result of the inspection, Eagle was issued a Final Order (Order) in the above-referenced case. This Order included a Compliance Order.

Based on PHMSA's review of the documentation Eagle provided, it has been determined that Eagle has complied with the terms of this Order.

Accordingly, this case is now closed, and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Bryan Lethcoe
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
