Dear Mr. Pinto:

From August 9, 2021, through January 17, 2022, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected EnLink Processing Services, LLC's (EnLink) Sabine natural gas pipeline system in Louisiana and Texas. As a result of the inspection, EnLink was issued a Final Order (Order) in the above-referenced case on September 12, 2023. The Order assessed a \$57,000 civil penalty and included a Compliance Order.

Based on PHMSA's review of the documentation EnLink provided and the payment of the civil penalty, it has been determined that EnLink has complied with the terms of the Order.

Accordingly, this case is now closed, and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Bryan Lethcoe
Director, Southwest Region, Office of Pipeline Safety
