Dear Mr. Kendall:

From February 23 to July 23, 2021, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Denbury Green Pipeline - Texas, LLC (Denbury) carbon dioxide transmission pipeline system in Texas. As a result of the inspection, Denbury was issued a Final Order (Order) in the above-referenced case. This Order included a Compliance Order.

Based on PHMSA's review of the documentation Denbury provided, it has been determined that Denbury has complied with the terms of this Order.

Accordingly, this case is now closed, and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Bryan Lethcoe
