Dear Mr. Long:

From February 28, through August 25, 2022, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), pursuant to chapter 601 of 49 United States Code (U.S.C.), conducted an on-site pipeline safety inspection of Trunkline Gas Company, LLC's (Trunkline) written procedures for controlling corrosion in Shaw, Mississippi. As a result of the inspection, Trunkline was issued a Notice of Amendment (Notice) on March 3, 2023, requiring amendment to its corrosion control procedure.

Trunkline submitted its amended procedure on March 20, 2023, and its final amended procedure implemented for company use on May 3, 2023. My staff reviewed the amended procedure, and it appears that the inadequacy outlined in this Notice has been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Bryan Lethcoe
Director, Southwest Region, Office of Pipeline Safety
