Dear Mr. White:

From February 22 to October 17, 2022, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code U. S. C) inspected Targa Downstream Resources, LLC's (Targa) integrity management plan and maintenance and operations procedures in Houston, Texas.

On May 4, 2023, PHMSA Southwest Region issued the Notice, CPF 4-2023-043-NOA, to Targa requiring amendments of its integrity management plan.

Targa submitted its amended procedures on July 6, 2023. PHMSA has reviewed the amended procedure, and it appears that the inadequacies outlined in this Notice have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Bryan Lethcoe
