CPF 4-2024-023-NOA

Dear Mr. Fusco:

From February 21 to July 21, 2023, of the on-site inspection, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Cheniere Creole Trail Pipeline, L.P.'s (Cheniere) procedures regarding the transport of natural gas from Gillis, Louisiana, to the Sabine Pass liquefied natural gas facility in Cameron Parish, Louisiana, through its 42-inch pipeline. Cheniere Creole Trail Pipeline, L.P., is a subsidiary of Cheniere Energy, Inc.

On March 20, 2024, PHMSA issued the Notice, CPF 4-2024-023-NOA, to Cheniere requiring amendments of its operations and maintenance procedures.

Cheniere submitted its amended procedures on April 16, 2024. PHMSA reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Bryan Lethcoe
Director, Southwest Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
