RE: CPF 4-2024-033-NOPV

Dear Director Lethcoe,

Freeport LNG Development, L.P. (FLNG) is in receipt of your letter dated December 20, 2025 (ref. CPF 4-2024-033-NOPV), wherein PHMSA identified four (4) probable violations arising from the incident that occurred at FLNG's natural gas liquefaction facility on June 8, 2022 and recommended an assessment of a civil penalty in the amount of \$1,540,800. As PHMSA notes in its letter (see Footnote 3 therein), through a Consent Agreement and Order in CPF 4-2022-051-NOPSO, FLNG previously implemented corrective actions to address the four probable violations identified in PHMSA's letter. Having already addressed the potential violations, and in an effort to collaboratively progress beyond the June 8th incident with PHMSA, FLNG will not contest the proposed civil penalty.

FLNG will process the payment of this proposed civil penalty in accordance with PHMSA's payment instructions.

Sincerely,

**Shaw
