RE: CPF 4-2024-051-NOA

Dear Mr. Rosa:

From March 4 to 8, March 11 to 14, and May 13 to 17, 2024 of the on-site inspection, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Navigator Borger Express' (Navigator) procedures in Cleo Springs, Oklahoma. As a result of the inspection, Navigator was issued a Notice of Amendment on October 30, 2024, which proposed amendment of your procedures.

Navigator submitted its amended procedures on August 30, 2024. PHMSA reviewed the amended procedures, and it appears that the inadequacy outlined in this Notice of Amendment has been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Bryan Lethcoe
Director, Southwest Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
