Dear Mr. Ledbetter:

From February 27, 2023 to May 11, 2023, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Sinclair Transportation Company, LLC's¹ (Sinclair) procedures for its hazardous liquid pipeline facilities in Sinclair, Wyoming.

HF Sinclair Corporation submitted its amended procedures on September 8, 2025. PHMSA staff reviewed these procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

Bryan Lethcoe
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
