Walter Pinto
Executive Vice President
EnLink Processing Services, LLC
1722 Routh Street, Suite 1300
Dallas, Texas 75201

CPF 4-2025-047-NOPV

Dear Mr. Pinto:

From April 16, 2024 to October 10, 2024, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected EnLink Processing Services, LLC's (EnLink) operations and maintenance records for its Sabine Natural Gas pipeline in Dallas, Texas.

On August 20, 2025, PHMSA issued to EnLink the Notice of Probable Violation (Notice), CPF 4-2025-047-NOPV, for failure to implement its direct assessment plan for using External Corrosion Direct Assessments (ECDA) to perform a direct examination in accordance with § 192.925(b)(3), for Dig 1. On October 14, 2025, the Acting Associate Administrator issued a Final Order making the finding of violation and adopting the compliance order. On December 12, 2025, EnLink submitted records demonstrating completion of the compliance order.

PHMSA has reviewed the records submitted by EnLink. It appears that the corrective measures required by the Final Order have been completed.

This letter is to inform you that no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

**BRYAN JEFFERY
LETHCOE**
