Maas Hinz
Senior Vice President Operations
Sabine Pass LNG, L.P.
845 Texas Avenue, Suite 1250
Houston, TX 77002

CPF 4-2025-055-NOA

Dear Mr. Hinz:

From July 9 to July 25, 2024, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected Sabine Pass LNG, L.P.'s¹ (Sabine Pass LNG) procedures for atmospheric corrosion inspection, grading and remediation in Sabine Pass, Texas. As a result of the inspection, Sabine Pass LNG was issued a Notice of Amendment on October 16, 2025, which proposed amendment of its procedures.

Sabine Pass LNG submitted its amended procedures on February 2, 2026. My staff has reviewed the amended procedures, and it appears that the recommendations provided during the consultation on this Notice of Amendment have been corrected.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

**BRYAN JEFFERY
LETHCOE**
