CERTIFIED MAIL - RETURN RECEIPT REQUESTED

April 27, 2016

Mr. Jared Green
President
Alaska Pipeline Company
3000 Spenard Road
Anchorage, AK 99518

CPF 5-2016-0002M

Dear Mr. Green,

Between October 27, 2014 and January 8, 2015, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Alaska Pipeline Company (APC) procedures in Anchorage, Alaska. As a result of the inspection, APC was issued a Notice of Amendment (NOA) on March 16, 2016, which proposed amendment of your procedures.

Alaska Pipeline Company submitted its amended procedures on April 4, 2016, which were received by PHMSA on April 13, 2016. My staff reviewed the amended procedures and it appears that the inadequacies outlined in this NOA have been corrected.

This letter is to inform you no further action is necessary and this case is now closed

Sincerely,

Chris Hoidal
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
