Closure of Case

Dear Mr. Withers:

On February 9-11, 2016, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Cogent Energy Solution LLC's Cheyenne Rail Hub procedures and records at your facilities in Cheyenne, Wyoming. As a result of the inspection, Cogent Energy Solutions LLC was issued a Notice of Amendment on March 17, 2016 which proposed amendment of your procedures.

Cogent Energy Solutions LLC submitted its amended procedures on April 1, 2016. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
