Dear Mr. Walker:

On January 17 through 19, 2017, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Anadarko Petroleum Corporation procedures in Wamsutter, Wyoming. As a result of the inspection, Anadarko Petroleum Corporation was issued a Notice of Amendment on June 28, 2017, which proposed amendment of your procedures.

Anadarko Petroleum Corporation submitted its amended procedures on July 20, 2017. PHMSA reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Acting Director, Western Region
