Case Closure Letter**

Dear Mr. Barrett:

On multiple occasions between April 24, 2017 and March 16, 2018, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Alyeska Pipeline Service Company's (Alyeska) procedures in Anchorage, Alaska. As a result of the inspection, Alyeska was issued a Notice of Amendment on December 27, 2018, which proposed amendment of your procedures.

Alyeska submitted its amended procedures on January 28, 2019. My staff reviewed the amended procedures and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Acting Director, Western Region
Pipeline and Hazardous Materials Safety Administration
