Case Closure

Dear Mr. Britton:

On August 7 through 11, 2017 and September 18 through 22, 2017, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected Fairbanks Natural Gas's procedures for your Liquefied Natural Gas facilities in Fairbanks, Alaska. Based on that inspection, Fairbanks Natural Gas, LLC (FNG) was issued a Notice of Amendment (Notice) on December 27, 2018 which proposed amendment of your procedures.

FNG submitted its amended procedures on January 25, 2019. My staff reviewed the amended procedures and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Acting Director, Western Region
Pipeline and Hazardous Materials Safety Administration
