Closure Letter**

Dear Mr. Sauer:

From April 26 through 30, 2021, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Phillips 66 Pipeline LLC's ("Phillips 66") control room procedures. As a result of the inspection, Phillips 66 was issued a Notice of Amendment on September 17, 2021, which proposed amendment of your procedures.

Phillips 66 submitted its amended procedures on November 15, 2021. My staff reviewed the amended procedures, and it appears the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
