Closure Letter**

Dear Ms. Sudduth:

On October 24, 2023, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued a Consent Order incorporating the terms of the Consent Agreement between PHMSA and the Interior Gas Utility (IGU) in the above-referenced case. This Order included a Compliance Order requirement for IGU to take certain corrective actions.

Per the terms of the Consent Agreement, the Consent Agreement would terminate once the Compliance Order described in Section V of the Consent Agreement was satisfied, as determined by the Director, Western Region, PHMSA. On August 18, 2025, IGU submitted to PHMSA the remainder of the documentation demonstrating the identified deficiencies had been remediated, satisfying the Compliance Order.

Accordingly, the Consent Agreement is terminated, and this case is now closed. Thank you for your cooperation in this matter.

Sincerely,

Dustin Hubbard
Director, Western Region, Office of Pipeline Safety
