**Re Notice of Amendment / CPF 5-2023-014-NOA**

Dear Mr. Hubbard:

Please see the attached procedure M-15 Mainline Valves Inspection and Testing, Document Number 2005220615(Revision 2), addressing the Notice of Amendment letter dated January 9, 2023 regarding the alleged inadequacy identified during PHMSA's review of Revision 1, submitted by FPL on October 28, 2021.

The revision included a Special Note box on page 4, now stating that "Persons performing this Task/Function must contact Gas Control before operating the valve and after the Task/Function is completed."

Should you have any questions or require further information please contact me at 713-951-5331 or by email.

Sincerely,

William W. (Bill) Meyer
