**CPF 5-2023-017-NOA
Closure Letter**

Dear Mr. Latchem:

On May 7 through 11, 2022, and September 27 through 30, 2022, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Norgasco Inc. procedures in Deadhorse, Alaska. As a result of the inspection, Norgasco Inc. was issued a Notice of Amendment on March 24, 2023, which proposed amendment of your procedures.

Norgasco Inc. submitted its amended procedures on June 21, 2023 and July 25, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
