Closure Letter**

Dear Mr. Hoeferlin:

From September 26 through 30, 2022, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected the Clear Creek Storage Company, LLC (Clear Creek) control room procedures and records for the control room located at the Clear Creek Storage field north of Evanston, Wyoming. As a result of the inspection, Clear Creek was issued a Notice of Amendment on November 2, 2023, which proposed amendment of your procedures.

Clear Creek submitted its amended procedures on February 2, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
