

Managing Challenges with Pipeline Seam Welds

**Wednesday, July 20, 2011
Westin Arlington Gateway
Arlington, VA**

8AM – 5PM

Good Morning & Welcome!

- **Today's agenda is very detailed and diverse**
 - A combination of Panels, Individual Presentations & Working Groups
 - Thank you to all participating moderators, speakers, companies and organizations for making this possible!

Workshop Objectives

- **Setting an improved but common level of knowledge with seam weld challenges**
- **Expanding the scope of active research to better address these challenges**

Please Participate!

- **Q&A after each panel**
 - Utilize Floor Mics
 - Index Cards – Registration desk
- **Speak out during working groups**
 - We need your input!
